the project The Rothwell-Brewer Project, is the largest recreation project in the history of Missouri higher education and one of the top five projects in the country.

the funding As approved by the students of the University of Missouri by referendum in October of 2001, a fee of an additional \$75/semester was confirmed for the construction and renovation of the Rothwell-Brewer-Student Rec Center complex.

project and facility history Rothwell Gymnasium was opened in 1905 with additions in 1939 and 1959. Brewer Fieldhouse was opened in 1929 with the rec center addition completed in 1989. The completion of The Brewer Project 2005 will coincide with the centennial year of Rothwell Gymnasium. Architectural features from Rothwell Gymnasium will be incorporated in the new design whenever possible. New uses for the original doors, floors and ceiling have been considered and included in the project. Rothwell Gymnasium and Brewer Fieldhouse were the original homes for the Mizzou Tigers.

groundbreaking date March 18, 2003

completion dates The project will be completed in academic year 2004-2005.

total project cost \$43,000,000
Furnishings & Equipment: \$1,500,000
